

Fuel Cell Conference

f-cell is the international platform for over 1,000 decision-makers, networkers and experts from 30 countries and five continents. Meet the industry at over 130 presentations in Stuttgart from October 8 - 10, 2012.

The f-cell trade fair (in combination with Battery+Storage) provides exhibitors an opportunity to present the newest developments and industry highlights.

With over 1,000 participants from 30 countries, the f-cell international fuel cell forum has developed in the last 12 years into one of the industry's international meeting points.

The f-cell 2012 **conference** and Battery+Storage 2012 programme will feature over 120 presentations. German and international experts will hold talks about exciting topics and current developments. In addition, producers and users of fuel cells and hydrogen experts from around the world take advantage of the f-cell international **trade fair** each year to present and discuss research topics and product innovations.

Venue

Messe Stuttgart

 October 8, 2012 - October 10, 2012
