

# 2013 China (International) Bioenergy and Biomass Utilization Business Summit

**This April, BBS 2013 will unite leaders from the biomass and bioenergy industry to accelerate commercialization, innovation and market uptake in China at Ocean Hotel in Shanghai.**

This year's program will play host to 80+ industry speakers across two days of intensive conference sessions – 70% of whom are C-Level, Directors or Senior Management, and it all starts with a global bioenergy majors' and industry leaders' keynote session on the morning of Day 1.

## Conference workshops:

- Bioenergy investment and financing
- Bio-based chemicals
- Densified biomass fuel
- Aviation biofuel
- Straw and methane power generation
- MSW-fired power generation and waste management
- Second-generation biofuels
- Biofuel cell
- Brainstorming: third generation biofuel
