

DESIGN FOR INDIVIDUALISTS - NEW ALUCOBOND® design APP NOW AVAILABLE!

With the new app for iPad, ALUCOBOND® design surfaces can now be experienced on the road. ALUCOBOND® design offers the possibility to bring individually designed decors on the façade. The app features the current decor collection and shows the effect on buildings as well as interesting construction details. Thus, the advantages of individual decors can easily be presented to owners and investors at any time.

Also for 3D-addicts a must have.
