

Product of the year 2013 - OCEAN dispenser of Tatsuno

Dispenser OCEAN awarded in a competition "Product of the year 2013" at the Petrol Station trade fair.

The international exhibition Stacja Paliw 2013 was held in Warsaw, Poland from 8th to 10th May 2013. TATSUNO EUROPE a.s. presented the new combined dispenser series "OCEAN LINE" for Petrol & LPG at the stand of the local distributor, Flow Technics Sp. z o.o.

"Product of the year" competition is an integral part of each edition of "Petrol Station" Trade Fair. The competition is aimed at highlighting the best product and services presented during the fair. To be applied for participation, the product must have certificates and trade permits required in Europe.

The Jury takes into consideration the criteria of quality level, modernity of the technologies applied, utilitarian and aesthetic qualities, and finally novelties in solutions.
