UNITI expo 2024 welcomes new and long-time cooperation partners

A total of 14 companies are already confirmed as cooperation partners for the next edition of the leading European trade fair for the retail petroleum and car wash industries.

UNITI expo is pleased to welcome the cooperation partners for its 2024 edition, who continue to show their support by participating in the trade show's tenth anniversary.

The 14 partners include leading companies and associations around the world such as CECOD, CompetenceCenter, eurodata, FRANKE, GenussGARTEN, HACK, Lantzerath-Group, Lekkerland, NSI, PDI Technologies, PWM, SONAX and Tank&Rast; joined by gourmetfein as its first partnership with the expo.

Their partnerships ensure a wealth of knowledge and experience for the event. As **UNITI expo** aims to build the best platform for the retail petroleum and car wash industries worldwide, deepening existing partnerships and creating new ones is a key aspect of this mission.

"We have been exhibiting at **UNITI expo** for many years with our gourmetfein brand and have experienced the convenience sector's growth first-hand at the leading trade fair. The industry is moving towards the 'Fast Good' concept, in terms of sustainability. For years, we have been focusing on a sustainable value chain, which our customers actively support. As a pioneer, we already offer ready-made solutions in the foodservice sector and have decided to support **UNITI expo** as a cooperation partner, thus contributing important content for the further development of the trade fair. We are already looking forward to an exciting event in 2024," commented Mag. Florian Hippesroither, Managing Director of GF Fleischproduktion GmbH & Co KG.

UNITI expo has committed to work side by side with its cooperation partners by involving them in the planning process of the trade show to support the development of their brands.

"It is great to welcome once again leading companies from around the world as our cooperation partners. The support from both new and long-standing partners, some of them even present from the very beginning, is a solid statement of their commitment not only with **UNITI expo** but with the fuel retail and car wash industries as well," adds Elmar Kühn, Managing Director of UNITI-Kraftstoff GmbH, organizer of the event.

UNITI expo 2024 is back next year on May 14 – 16. Constantly updated information for exhibitors and visitors can be found at www.uniti-expo.com.
