

mta - Motor Trade Association

Established in 1917, MTA has developed from a small organisation to become the largest automotive industry body in New Zealand, representing over 4,000 automotive businesses and acting as a strong advocate for motorists.

Our mission today is the same as it was back then – to create a sustainable business advantage for members and to help the motoring public.

MAKING MOTORING POPULAR IN NEW ZEALAND

Other ways we help:

- Lobbying & Advocacy
- Submissions
- Apprenticeships
