

bft - German Federal Association of Independent Petrol Stations

The mission of the federation BFT (Bundesverband Freier Tankstellen e.V.) is:

- to strengthen the economic sustainability of the independent mineral oil dealers;
- to keep upright a free-market economy in the mineral oil trade;
- to advise and represent the members in general, economic and social-legal subjects.

The member companies operate public petrol stations, mineral oil trading companies and, to a limited extent, fuel oil trading. In addition, there is a car dealership and / or a car repair shop at many gas stations. bft's market share is almost 15% (petrol station business). The number of employees at the filling stations currently totals 27,500 employees.
