

IFPEN - IFP Energies nouvelles

IFP Energies nouvelles (IFPEN) is a major research and training player in the fields of energy, transport and the environment.

From research to industry, technological innovation is central to all its activities, structured around three strategic priorities: sustainable mobility, new energies and responsible oil and gas.

Mission

As part of the public-interest mission with which it has been tasked by the public authorities, IFPEN focuses on:

- **providing solutions to take up the challenges facing society in terms of energy and the climate**, promoting the transition towards sustainable mobility and the emergence of a more diversified energy mix;
- **creating wealth and jobs** by supporting French and European economic activity, and the competitiveness of related industrial sectors.

An integral part of IFPEN, its graduate engineering school – IFP School – prepares future generations to take up these challenges.
