

PEIMF - Petroleum Equipment Installers & Maintenance Federation

The PEIMF (Petroleum Equipment Installers and Maintenance Federation) was formed in 1993 as the body that speaks for those companies and individuals engaged in the daily activities associated with the downstream petroleum industry throughout the UK and Ireland. The PEIMF is a non profit making organisation governed by a consitution that covers all aspects of its intentions.

PEIMF representatives have a considerable input on the major committees influencing the downstream industry.

- Energy Institute Service Station Panel (SSP)
- Energy Institute Oil & Water Liaison Group (OWLG)
- DEFRA Stakeholders Group
- Environment Agency Oil Care Committee (OCC)
- Petroleum Enforcement Liaison Group (PELG)
- British Standards Institute (BSI)
- Petroleum Retail National Steering Group (PRNSG)
- Plus a leading role in the UKPia/SPA Safety Passport Scheme
